RAILROAD

3-D

Main Entrance

ASSEMBLY INSTRUCTIONS

Time to complete: Approx. 40 minutes • Difficulty level: Medium

GET STARTED

materials:

- Metal-edged Ruler
- Glue (tacky craft glue or rubber cement)
- Butter knife (recommended)
- Scissors or craft knife (have an adult help)
- You will need 3 Toothpicks

1. Print out with a color desktop printer. Use "fit to page" option if needed, and set to maximum print area. Regular copy paper will work, heavier paper like card stock may work better.

2. Use scissors or a craft knife to cut out all the pieces along outer edges and where shown in pink. Have an adult help.

3. To help with folding, score all the pieces using the ruler for a guide and run the back side of the butter knife along the corner edges and tabs. Fold back all corners & tabs. (most all fold back to create a "peak" fold)

An example of a "peak" fold.

An example of a "valley" type fold.

ASSEMBLY OF YOUR TWEETSIE TOWN, MAIN ENTRANCE

4. After everything is cut, scored & folded, start with the corners of the building. Begin with tab A & glue to edge A, then fold the front & glue tab B to edge B, etc. You are basically building boxes that have one end open.

4a. Fold the Two vertical sides as shown.

4b. Fold the bottom and glue tabs A & B as shown.

4c. Be sure you have cut the top of the sign on the pink line BEFORE folding roof back. This part of the sign will stand up past the roof.

4d. Fold roof front & sides and glue tabs C & D.

4e. Fold & glue the 3 cupolas as shown.

4f. Cupola base tabs will fold under & glue to the roof.

4g. Fold tabs of the 3 braces and attach braces inside under where the cupolas will be placed. Glue under roof & front.

4h. Glue 3 cupolas to the roof, flush with the roof back positioned as shown.

4i. Glue each of the 3 flags to a regular toothpick.

4j. Slide each of the 3 flags into the top of each cupola in order shown.

Tweetsie R.R. Flag

U.S. Flag

North Carolina Flag

Note: Cupolas are specific to left, middle, and right.

Poke small hole for toothpick and flag.
